Playing Ball for the Betterment of All

University president gets 450K,
scant for the responsibility.
   Football Coach, 2M.

Young Geology Professor, 58K,
   mouths off

about what he sees as disparity,
values. Hey! He’s free to take
   the kids out and show

   the “hinges” of folded layers
of rocks. Great! What education
   should be! & research money

   will be found if he shuts up.
(There are, boys & girls, other hinges.)
